The next time you go to the site, all you need to do is click the "**Sign In**" button in the blue bar. It will ask you for your email address and password.

You can cast 10 votes each day. I had hoped that you could cast all 10 votes for the same project but it doesn't work that way so I guess you can simply cast 1 vote each day for the Dawn Project or choose 9 other projects you support.

So that you don't have to look for the projects each day, when you revisit after your first time, you can click "**Ideas I Support**" from the drop down box beside "Vote For" at the top right above the denominations. That will pull up all that you have voted on.

Don't forget to **Sign Out** after you cast your vote/votes.
